TRADE WITH AI

V6.2.39 14-DAY FREE TRIAL AGREEMENT

Confidentiality • Intellectual Property • Risk Acknowledgement • Electronic Signature Ready

14-DAY FREE EVALUATION

This Agreement is for temporary evaluation access only. No payment is required for the trial. The trial does not guarantee results and does not create any obligation to purchase.

Licensor	Trade with AI – seller details as stated in the website Legal Notice / Impressum at target-bot.com
Trial Product	Trade with AI V6.2.39 for NinjaTrader 8
Trial Length	14 calendar days from activation
Purpose	Evaluation in permitted Playback / simulation use and familiarisation with the software
Payment	No payment required for the free trial
Paid Licence	Any paid plan requires separate purchase acceptance and payment

1. Trial Licence

Subject to this Agreement, Trade with AI grants the Trial User a personal, limited, non-exclusive, non-transferable, non-sublicensable and revocable licence to install and use one authorised copy of Trade with AI V6.2.39 solely for evaluation during the 14-day Trial Period.

The trial begins when the trial licence is activated and ends automatically after 14 calendar days unless ended earlier under this Agreement. No ownership is transferred.

2. Ownership and Copyright

The software, strategy logic, source and object code, indicators, algorithms, signals, dashboard, user interface, documentation, branding, updates, configurations and related intellectual property remain the exclusive property of the Licensor or its licensors.

3. Strictly Prohibited Conduct

- Copy, reproduce, publish, upload, sell, rent, sublicense, transfer, share or distribute the software, DLL, licence, credentials or protected documentation.
- Reverse engineer, decompile, disassemble, decode, extract, translate, modify, adapt or attempt to discover source code, algorithms, strategy rules or internal operation, except to the narrow extent applicable law cannot permit such restriction.
- Circumvent, disable or tamper with licence, Machine ID, expiry, security, update or anti-copying controls.
- Use trial access to build, train or assist a competing or substantially similar product or service.
- Permit a third party to access the trial for copying, development, resale or commercial exploitation.

4. Confidentiality

Non-public information revealed through the trial, including software behaviour, strategy rules, settings, internal screenshots, licensing methods and technical information, is confidential and may be used only for evaluation. These obligations survive expiry or termination.

5. Account, Device and Licence Security

Trial access is limited to the authorised Trial User and approved device(s). The Trial User must keep credentials and files secure. Reasonable licence-verification information such as user ID, activation status and device identifier may be used for licensing, security and support, subject to applicable data-protection law.

6. Trading Risk and No Advice

The trial software is an evaluation tool and does not provide financial, investment, legal or tax advice.

Futures and leveraged trading involve substantial risk. No profit, performance, signal accuracy, fill quality or suitability for a particular objective is promised. Past, simulated or hypothetical performance does not guarantee future results.

Playback and simulation use are strongly recommended during the trial. The Trial User remains responsible for all settings, account selection, connectivity and any decision to use a live account.

7. No Warranty

To the maximum extent permitted by mandatory law, trial access is provided on an 'as is' and 'as available' basis without warranty of uninterrupted, error-free or profitable operation or compatibility with every broker, prop firm, computer, NinjaTrader version or third-party service.

8. Expiry, Suspension and Termination

On expiry or termination, the Trial User must stop using the trial software and remove trial copies under the Trial User's control if requested. The Licensor may suspend or revoke trial access for suspected copying, resale, reverse engineering, licence circumvention, security risk or material breach.

9. No Payment / No Refund Issue

The 14-day trial is free and therefore has no purchase price to refund. If the Trial User later purchases a paid licence, the separate paid Purchase & Software Licence Agreement and its 7-Day Money-Back Guarantee govern the paid transaction.

10. Consumer Rights and Immediate Trial Activation

The Trial User requests that the free digital trial be activated after electronic acceptance. Nothing in this Agreement waives statutory consumer rights that cannot lawfully be waived.

11. Governing Law and Disputes

This Agreement is governed by Austrian law except where mandatory consumer-protection rules require otherwise. Mandatory consumer jurisdiction rights remain unaffected. The parties should first attempt to resolve disputes in writing.

12. Electronic Acceptance

Electronic signatures, automatic date/time stamps and electronic copies may be used to the extent permitted by applicable law.

Electronic Acceptance & Signature Record

WEBSITE SIGNING NOTE

For online use, the website form should record the customer's typed full legal name, electronic signature, selected plan, email, and an automatic date/time stamp before trial activation or payment access.

Trial User Email	____
NinjaTrader Registered Email / ID	____
